2. Maximum Order
The Maximum Order value for all awarded Special Item Numbers (SINs) is $500,000, except 70-500, which is $250,000.
3. **Minimum Order**
The Minimum Order value for all awarded Special Item Numbers (SINs) is $100.00.

4. **Geographic Scope of Contract**
*Domestic delivery* is delivery within the 48 contiguous states, Alaska, Hawaii, Puerto Rico, Washington, DC, and U.S. Territories. Domestic delivery also includes a port or consolidation point, within the aforementioned areas, for orders received from overseas activities.

*Overseas delivery* is delivery to points outside of the 48 contiguous states, Washington, DC, Alaska, Hawaii, Puerto Rico, and U.S. Territories.

Offerors are requested to check one of the following boxes:
- [X] The Geographic Scope of Contract will be domestic and overseas delivery for all SIN’s below.
- [] The Geographic Scope of Contract will be overseas delivery only.
- [] The Geographic Scope of Contract will be domestic delivery only.

5. **Points of Production**
Points of production vary per individual product offering. Please see each product for Country of Origin (COO). All items which are on-contract are TAA Compliant.

6. **Discount from List Prices**
Discounts from List Prices vary per individual product offerings. Prices shown are Net (discounts deducted)

7. **Quantity Discounts**
Quantity discounts are not offered.

8. **Prompt Payment Discounts**
Prompt payment discounts are not offered. Payment Terms are NET 30 calendar days from receipt of invoice. Information for Ordering Offices: Prompt payment terms cannot be negotiated out of the contractual agreement in exchange for other concessions.

9. **Purchase Cards**
Contractors are required to accept credit cards for payments equal to or less than the micro-purchase threshold for oral or written delivery orders. Credit cards will be acceptable for payment above the micro-purchase threshold. In addition, bank account information for wire transfer payments will be shown on the invoice.

The following telephone number(s) can be used by ordering activities to obtain technical and/or
ordering assistance: 800-391-0204 or 301-261-0204.

10. **Foreign Items (by COO)**
    COO varies per individual product offering. Please see each product for Country of Origin (COO).
    All items which are on-contract are TAA Compliant.

11. **Delivery Schedule**
a. **TIME OF DELIVERY:** The Contractor shall deliver to destination within the number of calendar days after receipt of order (ARO), as set forth below:

<table>
<thead>
<tr>

</table>
b. EXPEDITED DELIVERY: Customer may contact the Contractor for the purpose of obtaining expedited delivery. If the Contractor offers an expedited delivery time acceptable to the ordering activity, any order(s) placed pursuant to the agreed upon accelerated delivery time frame and additional cost shall be delivered within this shorter delivery time and in accordance with all other terms and conditions of the contract.

c. OVERNIGHT AND 2-DAY DELIVERY: Customer may contact the Contractor for the purpose of obtaining overnight and 2-day delivery. If the Contractor offers a delivery time acceptable to the ordering activity, any order(s) placed pursuant to the agreed upon accelerated delivery time frame and additional cost shall be delivered within this shorter delivery time and in accordance with all other terms and conditions of the contract.

d. URGENT REQUIREMENTS: When the Federal Supply Schedule contract delivery period does not meet the bona fide urgent delivery requirements of an ordering activity, ordering activities are encouraged, if time permits, to contact the Contractor for the purpose of obtaining accelerated delivery. The Contractor shall reply as soon as possible after receipt. If the Contractor offers an accelerate delivery time acceptable to the ordering activity, any order(s) placed pursuant to the agreed upon accelerated delivery time frame shall be delivered within this shorter delivery time and in accordance with all other terms and conditions of the contract.

12. Shipping Terms
   CONUS - FOB Destination

13. a. Contractor’s Ordering Address:
    Sirius Computer Solutions, Inc.
    10100 Reunion Place, Suite 500, San Antonio, TX 78216

b. ORDERING PROCEEDURES FOR FEDERAL SUPPLY SCHEDULE CONTRACTS
   Ordering activities shall use the ordering procedures of Federal Acquisition Regulation (FAR) 8.405 when placing an order or establishing a BPA for supplies or services. These procedures apply to all schedules.
   a. FAR 8.405-1 Ordering procedures for supplies, and services not requiring a statement of work.
   b. FAR 8.405-2 Ordering procedures for services requiring a statement of work.
   c. FAR 8.405-3 Blanket Purchase Agreements (BPAs).
14. **Contractor’s Payment Address:**
Sirius Computer Solutions, Inc.
10100 Reunion Place, Suite 500
San Antonio, TX 78216

15. **Warranty Provision**
Warranty is in accordance with Contractor’s Terms and Conditions, as well as, the terms and conditions of each Original Equipment Manufacturer (OEM).

16. **Export Packing Charges**
Export packing is available at extra cost outside the scope of this contract and shall be negotiated at order level with customer.

17. **Terms and Conditions of Gov’t Purchase Card Acceptance (Any thresholds above the micro-purchase level.)**
Government Purchase Card Acceptance is in accordance with Contractor’s Terms and Conditions, as well as, the terms and conditions of each Original Equipment Manufacturer (OEM), and as negotiated.

18. **Terms and Conditions of rental, maintenance, and repair.**
Rental, maintenance, and repair are in accordance with Contractor’s Terms and Conditions, as well as, the terms and conditions of each Original Equipment Manufacturer (OEM), and as negotiated.

19. **Terms and Conditions of Installation**
Installation is in accordance with Contractor’s Terms and Conditions, as well as, the terms and conditions of each Original Equipment Manufacturer (OEM), and as negotiated.

20. **Terms and Conditions of repair parts indicating date of parts price lists and any discounts from list prices.**
Repair parts are in accordance with Contractor’s Terms and Conditions, as well as, the terms and conditions of each Original Equipment Manufacturer (OEM), and as negotiated. Discounts vary.
   a. Terms and conditions for any other services are in accordance with Contractor’s Terms and Conditions, as well as, the terms and conditions of each Original Equipment Manufacturer (OEM), and as negotiated.

21. **List of service and distribution points.**
Services and distribution points vary.

22. **List of Participating Dealers**
No participating dealers exist at this time. However, dealer relationships may be established at the BPA level.

23. **Cooperative Purchasing**
Section 211 of the E-Government Act of 2002 amended the Federal Property and Administrative Services Act to allow for cooperative purchasing. Cooperative Purchasing authorizes State and local government entities to purchase Information Technology (IT) supplies/products and services from MAS Contracts that include SINs from IT Category of the MAS Consolidated Solicitation.

24. **Section 508 Compliance**
If applicable, Section 508 compliance information on the supplies and services in this contract are available in Electronic and Information Technology (EIT) at the following:

The EIT standard can be found at: www.Section508.gov/.

25. **Data Universal Number System (DUNS)**

004161712

26. **Contractor has registered with the System for Award Management Database.**

27. **Liability for Injury or Damage**

The Contractor shall not be liable for any injury to ordering activity personnel or damage to ordering activity property arising from the use of equipment maintained by the Contractor, unless such injury or damage is due to the fault or negligence of the Contractor.

28. **Organizational Conflicts Of Interest**

a) **Definitions.**

"Contractor" means the person, firm, unincorporated association, joint venture, partnership, or corporation that is a party to this contract.

"Contractor and its affiliates" and "Contractor or its affiliates" refers to the Contractor, its chief executives, directors, officers, subsidiaries, affiliates, subcontractors at any tier, and consultants and any joint venture involving the Contractor, any entity into or with which the Contractor subsequently merges or affiliates, or any other successor or assignee of the Contractor.

An "Organizational conflict of interest" exists when the nature of the work to be performed under a proposed ordering activity contract, without some restriction on ordering activities by the Contractor and its affiliates, may either (i) result in an unfair competitive advantage to the Contractor or its affiliates or (ii) impair the Contractor's or its affiliates' objectivity in performing contract work.

b) To avoid an organizational or financial conflict of interest and to avoid prejudicing the best interests of the ordering activity, ordering activities may place restrictions on the Contractors, its affiliates, chief executives, directors, subsidiaries and subcontractors at any tier when placing orders against schedule contracts. Such restrictions shall be consistent with FAR 9.505 and shall be designed to avoid, neutralize, or mitigate organizational conflicts of interest that might otherwise exist in situations related to individual orders placed against the schedule contract. Examples of situations, which may require restrictions, are provided at FAR 9.508

29. **Services Performed**

a) All services performed by the Contractor under the terms of this contract shall be as an independent Contractor, and not as an agent or employee of the ordering activity.

b) The Contractor shall commence performance of services on the date agreed to by the Contractor and the ordering activity.

c) The Contractor agrees to render services only during normal working hours, unless otherwise agreed to by the Contractor and the ordering activity.

30. **Travel.**
Any Contractor travel required in the performance of services must comply with the Joint Travel Regulation.

31. Warranty
   a) Unless otherwise specified in this contract, the Contractor's standard commercial warranty as stated in the contract's commercial pricelist will apply to this contract.
   b) The Contractor's commercial guarantee/warranty shall be included in the Commercial Supplier Agreement to include Enterprise User License Agreements or Terms of Service (TOS) agreements, if applicable.
   c) Except as otherwise provided by an express or implied warranty, the Contractor will not be liable to the ordering activity for consequential damages resulting from any defect or deficiencies in accepted items.

SIN 33411 Purchasing of New Electronic Equipment

33411 Includes desktop, laptop, tablet computers (including rugged), servers, storage equipment, hyperconverged integrated systems, supercomputers, routers, switches and other communications equipment, IT security equipment (hardware based firewalls), audio and video (AV) equipment, public address systems, monitors/displays, sensors and other Internet of Things (IOT) devices, printers and Multi-Function Device (MFD) equipment, broadcast band radio, two-way radio (LMR), microwave radio equipment, satellite communications equipment, radio transmitters/receivers (airborne), radio navigation equipment/antennas, optical/imaging systems, and associated peripherals required for operations (such as controllers, connectors, cables, drivers, adapters, etc., ancillary installation of any equipment purchased.

SIN 511210 Software Licenses

511210 Includes both term and perpetual software licenses and maintenance. Includes operating system software, application software, EDI translation and mapping software, enabled email message based applications, Internet software, database management applications, and other software.

NOTE: Subject to Cooperative Purchasing

Cooperative Purchasing: Yes
Set Aside: No
FSC/PSC Code : 7030
Maximum Order : $500,000

Additional SIN Description: Term Licenses The word "Term" is defined in this Solicitation as "a limited period of time". Term Software Licenses have a limited duration and are not owned in perpetuity. Unless Offerors provide an option for converting Term licenses into perpetual licenses, users lose the right to use these licenses upon the end of the term period. This SIN is NOT Infrastructure as a Service (IaaS), Platform as a Service (PaaS), or Software as a Service (SaaS) as defined in SIN 518210C - Cloud and Cloud-Related IT Professional Services. Term Software Licenses are distinct from Electronic Commerce and Subscription Services (SIN 54151ECOM).

Perpetual Licenses The word "perpetual" is defined in this Solicitation as "continuing forever, everlasting, valid for all time".

Software maintenance as a product includes the publishing of bug/defect fixes via patches and updates/upgrades in function and technology to maintain the operability and usability of the software product. It may also include other no charge support that is included in the purchase price of the product in the commercial marketplace. No charge support includes items such as user blogs, discussion forums, online help libraries and FAQs (Frequently Asked Questions), hosted chat rooms, and limited telephone, email and/or web-based general technical support for users self diagnostics.

Software Maintenance as a product is billed at the time of purchase.

Software maintenance as a product does NOT include the creation, design, implementation, integration, etc. of a software package. These examples are considered software maintenance services under SIN 54151 Software MaintenanceServices.

1.) Specific Instructions for SIN 511210 - Software Licenses
   
   a.) Offerors are encouraged to identify within their software items any component interfaces that support open standard interoperability. An item's
interface may be identified as interoperable on the basis of participation in a Government agency-sponsored program or in an independent organization program. Interfaces may be identified by reference to an interface registered in the component registry located at http://www.core.gov.

b.) Contractors are encouraged to offer SIN 54151 Software Maintenance Services in conjunction with SIN 511210 - Software Licenses.

c.) Conversion From Term License To Perpetual License

i.) When standard commercial practice offers conversions of term licenses to perpetual licenses, and an ordering activity requests such a conversion, the contractor shall provide the total amount of conversion credits available for the subject software within ten (10) calendar days after placing the order.

ii.) When conversion credits are provided, they shall continue to accrue from one contract period to the next, provided the software has been continually licensed without interruption.

iii.) The term license for each software product shall be discontinued on the day immediately preceding the effective date of conversion from a term license to a perpetual license.

iv.) When conversion from term licenses to perpetual licenses is offered, the price the ordering activity shall pay will be the perpetual license price that prevailed at the time such software was initially ordered under a term license, or the perpetual license price prevailing at the time of conversion from a term license to a perpetual license, whichever is the less, minus an amount equal to a percentage of all term license payments during the period that the software was under a term license within the ordering activity.

d). Term License Cessation

i.) After a software product has been on a continuous term license for a period of Fill-in the period of time months, a fully paid-up, non-exclusive, perpetual license for the software product shall automatically accrue to the ordering activity. The period of continuous term license for automatic accrual of a fully paid-up perpetual license does not have to be achieved during a particular fiscal year; it is a written Contractor commitment which continues to be available for software that is initially ordered under this contract, until a fully paid-up perpetual license accrues to the ordering activity. However, should the term license of the software be discontinued before the specified period of the continuous term license has been satisfied, the perpetual license accrual shall be forfeited.

Contractors who do not commercially offer conversions of term licenses to perpetual licenses shall indicate that their term licenses are not eligible for conversion at any time.

ii.) Each separately priced software product shall be individually enumerated, if different accrual periods apply for the purpose of perpetual license attainment.
iii.) Fill-in data and specific terms shall be attached to the GSA Price List (I-FSS-600 CONTRACT PRICE LISTS (OCT 2016)).

iv.) The Contractor agrees to provide updates and software maintenance services for the software after a perpetual license has accrued, at the prices and terms of SIN 54151 - Software Maintenance Services, if the licensee elects to order such services. Title to the software shall remain with the Contractor.

e.) Utilization Limitations for Perpetual Licenses

i.) Software Asset Identification Tags (SWID) (Option 1 Perpetual License)

1.) Option 1 is applicable when the Offeror agrees to include the International Organization for Standardization/International Electrotechnical Commission 19770-2 (ISO/IEC 19770-2:2015) standard identification tag (SWID Tag) as an embedded element in the software. An ISO/IEC 19970-2 tag is a discoverable identification element in software that provides licensees enhanced asset visibility. Enhance visibility supports both the goals of better software asset management and license compliance. Offerors may use the National Institute of Standards and Technology (NIST) document “NISTIR 8060: Guidelines for Creation of Interoperable Software Identification (SWID) Tags,” December 2015 to determine if they are in compliance with the ISO/IEC 19770-2 standard.

2.) Section 837 of The Federal Information Technology Acquisition Reform Act (FITARA) of 2014, requires GSA to seek agreements with software vendors that enhance government-wide acquisition, shared use, and dissemination of software, as well as compliance with end user license agreements. The Megabyte Act of 2016 requires agencies to inventory software assets and to make informed decisions prior to new software acquisitions. In June of 2016, the Office of Management and Budget issued guidance on software asset management requiring each CFO Act (Public Law 101-576 – 11/15/1990) agency to begin software inventory management (M-16-12). To support these requirements, Offerors may elect to include the terms of Option 1 and/or Option 2, which support software asset management and government-wide reallocation or transferability of perpetually licensed software.

ii.) Reallocation of Perpetual Software (Option 2 Perpetual License)

1.) The purpose of SIN 511210 OPTION 2 is to allow ordering activities to transfer software assets for a pre-negotiated charge to other ordering activities.

2.) When an ordering activity becomes aware that a reusable software asset may be available for transfer, it shall contact the Contractor, identify the software license or licenses in question, and request that these licenses be reallocated or otherwise made available to the new ordering activity.

3.) Contractors shall release the original ordering activity from all future obligations under the original license agreement and shall present the new ordering activity with an equivalent license agreement.
When the new ordering activity agrees to the license terms, henceforth any subsequent infringement or breach of licensing obligations by the new ordering activity shall be a matter exclusively between the new ordering activity and the Contractor.

4.) The original ordering activity shall de-install, and/or make unusable all of the software assets that are to be transferred. It shall have no continuing right to use the software and any usage shall be considered a breach of the Contractor’s intellectual property and a matter of dispute between the original ordering activity/original license grantee and the licensor.

5.) As a matter of convenience, once the original licenses are deactivated, di-installed, or made otherwise unusable by the original ordering activity or license grantee, the Contractor may elect to issue new licenses to the new ordering activity to replace the old licenses. When new licenses are not issued, the Contractor shall provide technical advice on how to best achieve the functional transfer of the software assets.

6.) Software assets that are eligible for transfer that have lapsed Software Maintenance Services (SIN 54151) may require a maintenance reinstatement fee, chargeable to the new ordering activity/license grantee. When such a fee is paid, the new ordering activity shall receive all the rights and benefits of Software Maintenance Services.

7.) When software assets are eligible for transfer, and are fully covered under prepaid Software Maintenance Services (SIN 54151), the new ordering activity shall not be required to pay maintenance for those license assets prior to the natural termination of the paid for maintenance period. The rights associated with paid for current Software Maintenance Services shall automatically transfer with the software licenses without fee. When the maintenance period expires, the new ordering activity/license grantee shall have the option to renew maintenance.

8.) The administrative fee to support the transfer of licenses, exclusive of any new incremental licensing or maintenance costs shall be \( \text{percentage (\%)} \) of the original license fee. The fee shall be paid only at the time of transfer. Inapplying the transfer fee, the Software Contractor shall provide transactional data that supports the original costs of the licenses.

9.) Fill-in data and specific terms shall be attached to the GSA Price List (I-FSS-600 CONTRACT PRICE LISTS (OCT 2016)).

f.) Software Conversions: Full monetary credit will be allowed to the ordering activity when conversion from one version of the software to another is made as a result of a change in operating system, or from one computer system to another. Under a perpetual license, the purchase price of the new software shall be reduced by the amount that was paid to purchase the earlier version. Under a term license, if conversion credits had accrued while the earlier version was under a term license, those credits shall carry forward and remain available as conversion credits which may be applied towards the perpetual license price of the new version.
SIN 54151 Software Maintenance Services

54151 Software maintenance services creates, designs, implements, and/or integrates customized changes to software that solve one or more problems and is not included with the price of the software. Software maintenance services includes person-to-person communications regardless of the medium used to communicate: telephone support, online technical support, customized support, and/or technical expertise which are charged commercially.

1. Specific Instructions for SIN 54151 - Software Maintenance Services

SIN 518210C Cloud and Cloud-Related IT Professional Services

518210C Includes commercially available cloud computing services such as Infrastructure as a Service (IaaS), Platform as a Service (PaaS), and Software as a Service (SaaS) and emerging cloud services. IT professional services that are focused on providing the types of services that support the Government’s adoption of, migration to or governance/management of Cloud computing. Specific labor categories and/or fixed price solutions (e.g. migration services, etc.) that support activities associated with assessing Cloud solutions, refactoring workloads for Cloud solutions, migrating legacy or other systems to Cloud solutions, providing management/governance of Cloud solutions, DevOps, developing cloud native applications or other Cloud oriented activities.

Instructions:

Additional SIN Description: Cloud Services (i.e. SaaS, etc.) includes commercially available cloud computing services such as Infrastructure as a Service (IaaS), Platform as a Service (PaaS), and Software as a Service (SaaS) and emerging cloud services. The SIN is open to all deployment models (private, public, community hybrid). Cloud computing services shall comply with National Institute of Standards and Technology (NIST) definitions and principles. Cloud capabilities provided shall be entirely as a “pay as you go” service.

Cloud-Related IT Professional Services, which are not subject to NIST standards, are
related to assessing cloud solutions, preparing for cloud solutions, refactoring workloads for cloud solutions, migrating legacy or other systems to cloud solutions, developing new applications in the cloud, and providing management and/or governance of cloud solutions.

This SIN provides access to Cloud (i.e. SaaS, etc.) technical services that run in cloud environments and meet the NIST Definition of Cloud Computing Essential Characteristics. Cloud Services [(i.e. SaaS, etc.)] relating to or impinging on cloud that do not meet all NIST essential characteristics should be listed in other SINs. (For example: Software subscription services or Software as a Service offerings that do not meet the essential "measured service" requirement may meet the definition of "Term Licenses" under SIN 511210 - Software Licenses)

The SIN is limited to cloud capabilities provided entirely as a "pay as you go" service and cloud-related IT professional services. Hardware, software and other artifacts acquired to support the physical construction of a private or other cloud are out of scope for this SIN.

1) Specific Instructions for SIN 518210C - Cloud and Cloud-Related IT Professional Services

   a.) Offerors shall follow instructions and guidance for Cloud Computing Services available at available at http://www.gsa.gov/mascategoryrequirements

   b.) Offerors may propose:

      i.) Cloud Services only (i.e. SaaS, etc.);

      ii.) Cloud-computing related IT professional services only; or

      iii.) Cloud Services (i.e. SaaS, etc.) and supporting cloud computing-related IT professional services.

   c.) Acceptance Testing: Acceptance testing shall be performed of the systems for ordering activity approval in accordance with the approved test procedures.

   d.) Training

      i.) If training is provided in accordance with standard commercial practices, the offeror shall provide normal commercial installation, operation, maintenance, and engineering interface training on the system.

      ii.) If there are separate training charges, it should be included in the GSA Price List (I-FSS-600 CONTRACT PRICE LISTS (OCT 2016).

   e.) Information Assurance/Security Requirements: Offerors shall meet information assurance/security requirements in accordance with the Ordering Activity requirements.

   f.) Reporting: Offerors shall provide to the ordering activity any general reporting capabilities available to verify performance, cost and availability. In accordance with commercial standard practice, the offeror may furnish the ordering activity with a monthly summary report.
g.) Cloud-type IT Professional Services can stay on SIN 54151S - Information Technology Professional Services. The Cloud IT professional services on this SIN will be Cloud specific as the service titles and description will need to be cloud-centric. The relevant past performance projects must demonstrate that the IT professional services were utilized in the IAAS, PAAS. and/or SAAS environment. NOTE: Identical labor categories cannot be on both SINs 54151S and 518210C.

h.) Sub-categories in scope for this SIN are the three NIST Service Models: Software as a Service (SaaS), Platform as a Service (PaaS), and Infrastructure as a Service (IaaS). Offerors may optionally select a single sub-category that best fits a proposed cloud service offering. Only one sub-category may be selected per each proposed cloud service offering. Offerors may elect to submit multiple cloud service offerings, each with its own single sub-category. The selection of one of three sub-categories does not prevent Offerors from competing for orders under the other two sub-categories.

i.) Sub-category selection within this SIN is optional for any individual cloud service offering, and new cloud computing service (i.e. IaaS, etc.) technologies that do not align with the aforementioned three sub-categories may be included without a sub-category selection so long as they comply with the essential characteristics of cloud computing as outlined by NIST.

j.) All current pricing requirements in provision SCP-FSS-001 apply. At the current time, there is no provision for reducing or eliminating standard price list posting requirements to accommodate rapid cloud price fluctuations.

k.) All pricing models must have the core capability to meet the NIST Essential Cloud Characteristics, particularly with respect to on-demand self-service, while allowing alternate variations at the task order level at agency discretion, pursuant to the guidance on NIST Essential Characteristics.

2.) Specific Evaluation Factors for SIN 518210C - Cloud and Cloud-Related IT Professional Services a.) Cloud Computing Products (IAAS, PAAS, SAAS)

Qualification Requirements

i.) FACTOR - Cloud Computing Services Adherence to Essential Cloud Characteristics

Within a two page limitation for each cloud service submitted, provide a description of how the cloud computing service meets each of the five essential cloud computing characteristics as defined in National Institute of Standards and Technology (NIST) Special Publication 800-145 and subsequent versions of this publication. This standard specifies the definition of cloud computing for the use by Federal agencies. The cloud service must be capable of satisfying each of the five NIST essential Characteristics as follows:

- On-demand self-service
- Broad network access
- Resource Pooling
• Rapid Elasticity

• Measured Service

Refer to 518210C. Specific Information for Offerors available at http://www.gsa.gov/mascategoryrequirements for guidance on meeting the NIST characteristics. For the purposes of the Cloud Computing Services SIN, meeting the NIST essential characteristics is concerned primarily with whether the underlying capability of the commercial service is available, whether or not an Ordering Activity actually requests or implements the capability.

ii.) FACTOR – Cloud Computing Services Deployment Model

For each cloud service submitted, provide a written description of how the proposed service meets the NIST definition of a particular deployment model (Public, Private, Community, or Hybrid), within a one half (1/2) page limitation for each designated deployment model of each cloud service submitted. Multiple deployment model selection is permitted, but at least one model must be indicated. Refer to 518210C Specific Information for Offerors available at http://www.gsa.gov/mascategoryrequirements for guidance on identifying the appropriate deployment model according to the NIST service model definitions.

iii.) FACTOR - Cloud Computing Services Service Model

For each cloud computing service proposed to be categorized under a specific sub-category (IaaS, PaaS or SaaS), provide a written description of how the proposed service meets the NIST definition of that service model, within a half (1/2) page limitation for each cloud service submitted. Refer to 518210C Specific Information for Offerors available at http://www.gsa.gov/mascategoryrequirements for guidance on categorizing the service into a sub-category according to the NIST service model definitions.

Note: that it is not mandatory to select a sub-category, and therefore this factor for evaluation applies ONLY to cloud services proposed to fall under a specific sub-category. If no sub-category is selected, this factor does not need to be addressed. The two other factors ('Adherence to Essential Cloud Characteristics' and 'Cloud Computing Services').
A) locations where the course is offered;
B) class schedules; and
C) price (per student, per class (if applicable)).

ii) For courses conducted at the ordering activity’s location, instructor travel charges (if applicable), including mileage and daily living expenses (e.g., per diem charges) are governed by Pub. L. 99-234 and FAR Part 31.205-46, and are reimbursable by the ordering activity on orders placed under the Multiple Award Schedule, as applicable, in effect on the date(s) the travel is performed. The Industrial Funding Fee does NOT apply to travel and per diem charges.

iii) For Online Training Courses, a copy of all training material must be available for electronic download by the students.

b) “No Charge” Training

c) Offerors shall describe any training provided with equipment and/or software provided under this contract, free of charge on the GSA Price List (I-FSS-600 CONTRACT PRICE LISTS (OCT 2016)).

SIN OLM Order-Level Materials (OLM)

OLM OLMS are supplies and/or services acquired in direct support of an individual task or delivery order placed against a Schedule contract or BPA. OLM pricing is not established at the Schedule contract or BPA level, but at the order level. Since OLMS are identified and acquired at the order level, the ordering contracting officer (OCO) is responsible for making a fair and reasonable price determination for all OLMS.

OLMs are procured under a special ordering procedure that simplifies the process for acquiring supplies and services necessary to support individual task or delivery orders placed against a Schedule contract or BPA. Using this new procedure, ancillary supplies and services not known at the time of the Schedule award may be included and priced at the order level.

OLM SIN-Level Requirements/Ordering Instructions:
OLMs are:
- Purchased under the authority of the FSS Program
- Unknown until an order is placed
- Defined and priced at the ordering activity level in accordance with GSAR clause 552.238-115 Special Ordering Procedures for the Acquisition of Order-Level Materials. (Price analysis for OLMS is not conducted when awarding the FSS contract or FSS BPA; therefore, GSAR 538.270 and 538.271 do not apply to OLMS)
- Only authorized for use in direct support of another awarded SIN.
- Only authorized for inclusion at the order level under a Time-and-Materials (T&M) or Labor-Hour (LH) Contract Line Item Number (CLIN)
- Subject to a Not To Exceed (NTE) ceiling price

OLMs are not:
- "Open Market Items."
- Items awarded under ancillary supplies/services or other direct cost (ODC) SINs (these items are defined, priced, and awarded at the FSS contract level)

OLM Pricing:
- Prices for items provided under the Order-Level Materials SIN must be inclusive of the Industrial Funding Fee (IFF).
- The value of OLMS in a task or delivery order, or the cumulative value of OLMS in orders against a FSS BPA awarded under an FSS contract, cannot exceed 33.33%.

NOTE: When used in conjunction with a Cooperative Purchasing eligible SIN, this SIN is Cooperative Purchasing Eligible.

Cooperative Purchasing: Yes
Set Aside: No
FSC/PSC Code : 0000
Maximum Order : $250,000

SIN OLM Order-Level Materials (OLM)
Instructions:
The use of the Order Level Materials (OLM) SIN is limited to 59 OLM-eligible subcategories under the MAS program. Supplies and/or services provided utilizing OLM authority must be acquired in direct support of an individual task or delivery order that is placed under an OLM-eligible subcategory as identified below:

1) Apparel
2) Audio Visual Products
3) Audio Visual Services
4) Awards
5) Background Investigations
6) Business Administrative Services
7) Compensation and Benefits
8) Document Services
9) Electronic Commerce
10) Environmental Services
11) Facilities Maintenance and Repair
12) Facilities Services
13) Facilities Solutions
14) Financial Services
15) Fire/Rescue/Safety/Environmental Protection Equipment
16) Fitness Solutions.
17) Flags
18) Flooring
19) Fuel Management
20) Furniture Services
21) Healthcare Furniture
22) Household, Dormitory & Quarters Furniture
23) Human Resources
24) Identity Protection Services
25) Industrial Products
26) Industrial Products and Services Maintenance and Repair
27) IT Hardware
28) IT Services
29) IT Software
30) IT Solutions
31) IT Training
32) Language Services
33) Legal Services
34) Logistical Services
35) Machinery and Components
36) Mail Management
37) Marine and Harbor
38) Marketing and Public Relations
39) Medical Equipment
40) Miscellaneous Furniture
41) Musical Instruments
42) Office Furniture
43) Office Management Maintenance and Repair
44) Office Services
45) Packaged Furniture.
46) Printing and Photographic Equipment
47) Protective Equipment
48) Records Management
49) Search and Navigation
50) Security Animals and Related Services
51) Security Services
52) Security Systems
53) Signs
54) Social Services
55) Structures
56) Technical and Engineering Services (non- IT)
57) Telecommunications
58) Testing Equipment
59) Training

NOTE: More information related to the Order Level Materials SIN is available at gsa.gov/mascategoryrequirements

<td>SPECIAL PROPOSAL INSTRUCTIONS FOR ORDER-LEVEL MATERIALS SPECIAL ITEM NUMBER (DEC 2019)</td>
</tr>
</tbody>
</table>
SCP-FSS-007 SPECIAL PROPOSAL INSTRUCTIONS FOR ORDER-LEVEL MATERIALS SPECIAL ITEM NUMBER (DEC 2019)

(a) This Schedule is authorized to allow for order-level materials (OLMs) in accordance with GSAR 538.7201. A listing of all OLM-authorized Schedules is available at Order-Level Materials site.

(b) Clauses 552.212-4 Contract Terms and Conditions - Alternate I and 552.238-115 Special Ordering Procedures for the Acquisition of Order-Level Materials provide additional information on inclusion of OLMs in task and delivery orders placed against a Federal Supply Schedule (FSS) contract or FSS blanket purchase agreement (BPA).

(c) OLMs are only authorized for inclusion at the order level under a Time-and-Materials (T&M) or Labor-Hour (LH) Contract Line Item Number (CLIN) and are subject to a Not To Exceed (NTE) ceiling price.

(d) Offerors proposing the Order-Level Materials Special Item Number (SIN) are not required to propose items or pricing at the contract level, since by definition OLMs are unknown at the time of FSS contract award. The ordering activity contracting officer is responsible for defining OLMs and determining proposed OLM pricing fair and reasonable for a particular order.

(e) OLMs are purchased under the authority of the FSS Program and are not “open market items.”

(f) Items awarded under ancillary supplies/services and other direct cost (ODC) SINs are not OLMs. These SINs are reserved for items that can be defined and priced up-front at the FSS contract level.

(g) The Order-Level Materials SIN cannot be the only SIN awarded on a contract. The Order-Level Materials SIN is only authorized for use in direct support of another awarded SIN.

(h) The Order-Level Materials SIN is exempt from CSP-1 Commercial Sales Practices disclosure requirements.

(i) The Order-Level Materials SIN is exempt from the following clauses:

552.216-70 Economic Price Adjustment - FSS Multiple Award Schedule Contracts
I-FSS-969 Economic Price Adjustment - FSS Multiple Award Schedule 552.238-77
Submission and Distribution of Authorized FSS Schedule Pricelists 552.238-81 Price Reductions

(j) Terms and conditions that otherwise apply to the FSS contract also apply to the Order-Level Materials SIN. Examples include but are not limited to:

Trade Agreements Act (TAA)
Sales reporting and Industrial Funding Fee (IFF) remittance
Environmental Attributes clauses
AbilityOne Program Essentially the Same (ETS) compliance

(k) Prices for items provided under the Order-Level Materials SIN must be inclusive of the IFF. The value of order-level materials in a task or delivery order [or the cumulative value of order-level materials in orders against an FSS BPA] awarded under an FSS contract, shall not exceed 33.33%.
(1) There are no administrative, technical, or price proposal requirements for the Order-Level Materials SIN (i.e., Section I - Administrative/Contract Data, Section II - Technical Proposal, and Section III - Price Proposal). The Order-Level Materials SIN will be awarded when proposed by an offeror, provided that (1) the Schedule is authorized for inclusion of OLMs, and

(2) The Order-Level Materials SIN will not be the only awarded SIN under the contract.
INFORMATION TECHNOLOGY CATEGORY
HARDWARE SUBCATEGORY
SIN 811212 Hardware Maintenance Order Terms

1) Service Areas
   a) The maintenance and/or repair service rates per the contract are applicable to any ordering activity locations within a (**insert miles) mile radius of the Contractor/Original Equipment Manufacturer (OEM) service points. If any additional charge is to apply because of the greater distance from the Contractor/OEM service locations, the mileage rate or other distance factor shall be negotiated at the Task Order level.

   b) When maintenance and/or repair services cannot be performed at the ordering activity installation site, the repair services will be performed at the Contractor's plant(s) listed below:

<table>
<thead>
<tr>
<th>Address</th>
</tr>
</thead>
<tbody>
<tr>
<td>City</td>
</tr>
</tbody>
</table>

2) Loss or Damage
   When the Contractor moves equipment to its/OEM location for repairs, the Contractor shall be responsible for any damage or loss, from the time the equipment is removed from the ordering activity installation, until the equipment is returned to such installation.

3) Scope
   a) The Contractor shall provide maintenance for all equipment listed herein, as requested by the ordering activity during the contract term. Repair service and repair parts/spare parts shall apply exclusively to the equipment types/models within the scope of the Information Technology Category.

   b) Equipment placed under maintenance service shall be in good operating condition.
      i) In order to determine that the equipment is in good operating condition, the equipment shall be subject to inspection by the Contractor, without charge to the ordering activity.

      ii) Costs of any repairs performed for the purpose of placing the equipment in good operating condition shall be borne by the Contractor, if the equipment was under the Contractor/OEM guarantee/warranty or maintenance responsibility prior to the effective date of the maintenance order.

      iii) If the equipment was not under the Contractor/OEM responsibility, the costs necessary to place the equipment in proper operating condition are to be borne by the ordering activity, in accordance with the provisions of the contract.

4) Responsibilities
a) For equipment not covered by a maintenance contract or warranty, repair service personnel shall complete repairs as soon as possible after notification by the ordering activity that service is required. Within the service areas, this repair service should normally be done within 4 hours after notification.

b) If the Ordering Activity task or delivery order specifies a factory authorized/certified service personnel then the Contractor is obligated to provide such a factory authorized/certified service personnel for the equipment to be repaired or serviced, unless otherwise agreed to in advance between the Ordering Activity and the Contractor.

5) Maintenance Rate Provisions
   a) The Contractor shall bear all costs of maintenance, including labor, parts, and such other expenses as are necessary to keep the equipment in good operating condition, provided that the required repairs are not occasioned by fault or negligence of the ordering activity.

   ii) Regular Hours: The basic monthly rate for each make and model of equipment shall entitle the ordering activity to maintenance service during a mutually agreed upon nine (9) hour principal period of maintenance, Monday through Friday, exclusive of holidays observed at the ordering activity location.

   iii) After Hours: Should the ordering activity require that maintenance be performed outside of regular hours, charges for such maintenance, if any, will be specified in the GSA Price List (I-FSS-600 CONTRACT PRICE LISTS (OCT 2016). Periods of less than one hour will be prorated to the nearest quarter hour.

   iv) Travel and Transportation: If any charge is to apply, over and above the regular maintenance rates, due to the distance between the ordering activity location and the Contractor/OEM’s service area, the charge will be negotiated at the Task Order level.

<table>
<thead>
<tr>

SIN 811212 Hardware Repair Service Order Terms

1) Service Areas
   a) The maintenance and/or repair service rates per the contract are applicable to any ordering activity locations
      within a (**insert miles) mile radius of the Contractor/Original Equipment Manufacturer (OEM)
      service points. If any additional charge is to apply because of the greater distance from the Contractor/OEM
      service locations, the mileage rate or other distance factor shall be negotiated at the Task Order level.
   b) When maintenance and/or repair services cannot be performed at the ordering activity installation site, the
      repair services will be performed at the Contractor's plant(s) listed below:

      | Address |
      |---------|
      | City    | State | Zip Code |

2) Loss or Damage
   When the Contractor moves equipment to its/OEM location for repairs, the Contractor shall be responsible for any
   damage or loss, from the time the equipment is removed from the ordering activity installation, until the equipment is
   returned to such installation.

3) Scope
   a) The Contractor shall provide maintenance for all equipment listed herein, as requested by the ordering
      activity during the contract term. Repair service and repair parts/spare parts shall apply exclusively to the
      equipment types/models within the scope of the Information Technology Category.
   b) Equipment placed under maintenance and/or service shall be in good operating condition.
      i) In order to determine that the equipment is in good operating condition, the equipment shall be
         subject to inspection by the Contractor, without charge to the ordering activity.
      ii) Costs of any repairs performed for the purpose of placing the equipment in good operating
          condition shall be borne by the Contractor, if the equipment was under the Contractor/OEM
          guarantee/warranty or maintenance responsibility prior to the effective date of the maintenance
          order.
      iii) If the equipment was not under the Contractor/OEM responsibility, the costs necessary to place the
           equipment in proper operating condition are to be borne by the ordering activity, in accordance
           with the provisions of the contract.

4) Responsibilities
a) For equipment not covered by a maintenance contract or warranty, repair service personnel shall complete repairs as soon as possible after notification by the ordering activity that service is required. Within the service areas, this repair service should normally be done within 4 hours after notification.

b) If the Ordering Activity task or delivery order specifies a factory authorized/certified service personnel then the Contractor is obligated to provide such a factory authorized/certified service personnel for the equipment to be repaired or serviced, unless otherwise agreed to in advance between the Ordering Activity and the Contractor.

5) Repair Service Rate Provisions
   a) Charges for repair service will include the labor charge, computed at the rates set forth below, for the time during which repairmen are actually engaged in work, and, when applicable, the charge for travel or transportation.
   
   b) Multiple Machines: When repairs are ordered by the ordering activity on two or more machines located in one or more buildings within walking distance of each other, the charges will be computed from the time the repairman commences work on the first machine, until the work is completed on the last machine. The time required to go from one machine to another, or from one building to another, will be considered actual work performance, and chargeable to the ordering activity, provided the time consumed in going between machines (or buildings) is reasonable.

   c) At the Contractor/OEM’s Facility
      i) When equipment is returned to the Contractor/OEM’s Facility for adjustments or repairs which are not covered by the guarantee/warranty provision, the cost of transportation, packing, etc. from the ordering activity location to the Contractor’s plant, and return to the ordering activity location, shall be borne by the ordering activity.
      ii) The ordering activity should not return defective equipment to the Contractor/OEM for adjustments and repairs or replacement without prior consultation and instruction.

   d) At the Ordering Activity Location (Within Established Service Areas)
      i) When equipment is repaired at the ordering activity location, and repair service rates are established for service areas or zones, the listed rates are applicable to any ordering activity location within such service areas or zones. No extra charge, time, or expense will be allowed for travel or transportation of repairmen or machines to or from the ordering activity office; such overhead is included in the repair service rates.

   e) At the Ordering Activity Location (Outside Established Service Areas)
      i) If repairs are to be made at the ordering activity location, and the location is outside the service area terms defined in the GSA Price list. Rates negotiated at the task order will apply.
      ii) When the overall travel charge computed at the above mileage rate is unreasonable (considering the time required for travel, actual and necessary transportation costs, and the allowable ordering activity per diem rate for each night the repairman is required to remain overnight at the ordering activity location), the ordering activity shall have the option of reimbursing the Contractor for actual costs, provided that the actual costs are reasonable and allowable. The Contractor shall furnish the ordering activity with a report of travel performed and related expenses incurred. The report shall include departure and arrival dates, times, and the applicable mode of travel.

   f) Labor Rates
      i) Regular Hours: Contract rates shall entitle the ordering activity to repair service during the period 8:00 a.m. to 5:00 p.m., Monday through Friday, exclusive of holidays observed at the ordering
activity location. There shall be no additional charge for repair service, which was requested during regular hours, but performed at the convenience of the Contractor outside the regular hours.

ii) After Hours: Should the ordering activity require that service be performed outside of regular hours, charges for such service, if any, will be specified in the GSA Price List (I-FSS-600 CONTRACT PRICE LISTS (OCT 2016). Periods of less than one hour will be prorated to the nearest quarter hour.

iii) Sundays and Holidays: When the ordering activity requires that repair service be performed on Sundays and Holidays observed at the ordering activity location, the Sundays and Holidays repair service rates shall apply, and will be specified in the GSA Price List (I-FSS-600 CONTRACT PRICE LISTS (OCT 2016). Periods of less than one hour will be prorated to the nearest quarter hour.

USA COMMITMENT TO PROMOTE SMALL BUSINESS PARTICIPATION
PROCUREMENT PROGRAMS

PREAMBLE
Sirius Computer Solutions, Inc. provides commercial products and services to ordering activities. We are committed to promoting participation of small, small disadvantaged and women-owned small businesses in our contracts. We pledge to provide opportunities to the small business community through reselling opportunities, mentor-protégé programs, joint ventures, teaming arrangements, and subcontracting.

COMMITMENT
To actively seek and partner with small businesses.

To identify, qualify, mentor and develop small, small disadvantaged and women-owned small businesses by purchasing from these businesses whenever practical.

To develop and promote company policy initiatives that demonstrate our support for awarding contracts and subcontracts to small business concerns.

To undertake significant efforts to determine the potential of small, small disadvantaged and women-owned small business to supply products and services to our company.

To insure procurement opportunities are designed to permit the maximum possible participation of small, small disadvantaged, and women-owned small businesses.

To attend business opportunity workshops, minority business enterprise seminars, trade fairs, procurement conferences, etc., to identify and increase small businesses with whom to partner.

To publicize in our marketing publications our interest in meeting small businesses that may be interested in subcontracting opportunities.

We signify our commitment to work in partnership with small, small disadvantaged and women-owned small businesses to promote and increase their participation in ordering activity contracts. To accelerate potential opportunities please contact Sirius Computer Solutions, Inc., Phyllis (PJ) Byrd, Tel.: 210-369-0617 or via E-mail: phyllis.byrd@siriuscom.com
